

# New Zealand Diploma in Business (Level 5) (Leadership and Management)

Focus on the skills you need to work effectively and successfully in a range of operational roles in business.

All business organisations need highly capable and competent members of a team who demonstrate the potential to lead staff, ensure targets align with strategic objectives, manage projects, and contribute to business planning to achieve high performance and productivity.

This programme is very practical and, with courses such as Business Environment, Leadership and Organisational Planning, will give you the skills you need to make you a valued employee who can contribute from day one in an organisation.

A great springboard into further study, graduates of this programme are eligible to enter the second year of our [Bachelor of Applied Management degree](#). You could also enter other relevant industry or professional qualifications at Level 6 or above.

## What will I learn?

This programme teaches you to think conceptually and to adapt to change. It's designed to allow you to:

- apply a broad range of generic business knowledge and skills as well as specialised knowledge and skills in your selected field of business
- be proactive to changes in the local, national and global business environment
- demonstrate business skills including problem solving, decision-making, negotiating, and using technology effectively
- develop and manage innovative approaches to business practice
- practice business in a legal, sustainable, ethical and culturally-appropriate manner
- appreciate the impact of different cultures on business practice in New Zealand
- communicate, collaborate and build networks effectively with a diverse range of individuals, teams and organisations
- gather and select information from a diverse range of sources to inform business practice
- take responsibility for continued learning and career development.
