Management occupations are projected to grow rapidly over the next ten years leading to an increasing need for management professionals.

There is also an increasing demand for those professionals to hold higher level qualifications. Applicants for these roles are therefore at a considerable advantage with a postgraduate qualification.

Flexibility within this qualification will enable aspirations to be matched/targeted to specific employment opportunities.

You will extend and deepen your knowledge and understanding of current information systems management capabilities and issues in a range of applied settings through experiential learning strategies and reflective practice. There is the opportunity to work with industry during a professional project and the programme also includes employability workshops, industry events and guest speakers.

This qualification will prepare you for further postgraduate study in the Master of Applied Management (Business Information Systems). Alternatively, you could seek employment in a range of roles including:

- Business Analyst
- Business Intelligence Analyst
- Information Systems Analyst
- Information Systems Security Analyst
- Project Manager
- Technical/Solution Architect
- User Experience / Front End Designer
- Information Systems Researcher

This programme is offered by Future Skills Academy due to a sub-contract arrangement with Otago Polytechnic.

Entry requirements

Minimum academic entry requirements are:

- A Bachelor's degree (or equivalent qualification) in a related discipline, **OR**
- A combination of academic qualifications and relevant skills and knowledge acquired through work or professional experience that is deemed equivalent to the above.
- **If English is not your first language, you must provide:**
 - New Zealand University Entrance **OR**
 - Overall Academic IELTS 6.5 with no individual band score lower than 6.0 (achieved in **one** test completed in the last two years), **OR**
 - Acceptable alternative evidence of the required IELTS (see here for NZQA proficiency table and here for list of recognised proficiency tests).

Selection criteria

Where there are more applicants than places available, applicants will be selected on the basis of the best academic records.

Pathways into this programme

Students may have completed an undergraduate degree in a different discipline and be working in a management or information systems role. There are no specific foundation/bridging programmes in Applied Management for this qualification.

Your workload

You will be expected to spend about 300 hours per study block on your course work. This includes both scheduled class time and self-directed study. For on-campus students, some of these hours may be spent in a workplace gaining hands-on experience and developing important industry and business connections.

Auckland study block dates >

You will study

This programme comprises four **compulsory** 15-credit courses, plus electives totalling 60 credits (at Level 8 or 9) from the elective list below.

Recognition of Prior Learning

If you already have extensive knowledge and skills gained from practical experience in this area, enquire about our Recognition of Prior Learning process at Capable NZ. You may have already gained credits towards this qualification in the course of your life. www.capablenz.ac.nz

Cancellation of a programme

Any programme of study, course or course occurrence may be cancelled or postponed where there are insufficient numbers. As far as is practically possible, we avoid cancelling or making other significant changes less than two weeks before the programme starts (or five working days for short courses). If this happens, we will do our best to suggest alternative study options for you. If you don't want to do the alternative programme, we will give you a full refund. For international students, if a programme change affects your visa status, we will let you know and support you to find an alternative option. We also advise Immigration New Zealand of any programme change that will

affect international students.
